## VISION AND MISSION

At '**STW**' it is our aim to create a unique, stylish and comfortable interior that compliment both the merchandise and the client.

We believe in fully exploring our client's needs and desires with a consummate understanding of their requirements.

A constant effort to provide highest quality of products and services- both in terms of material and design.

At '**STW**' we strive to attain total professionalism and quality management systems.

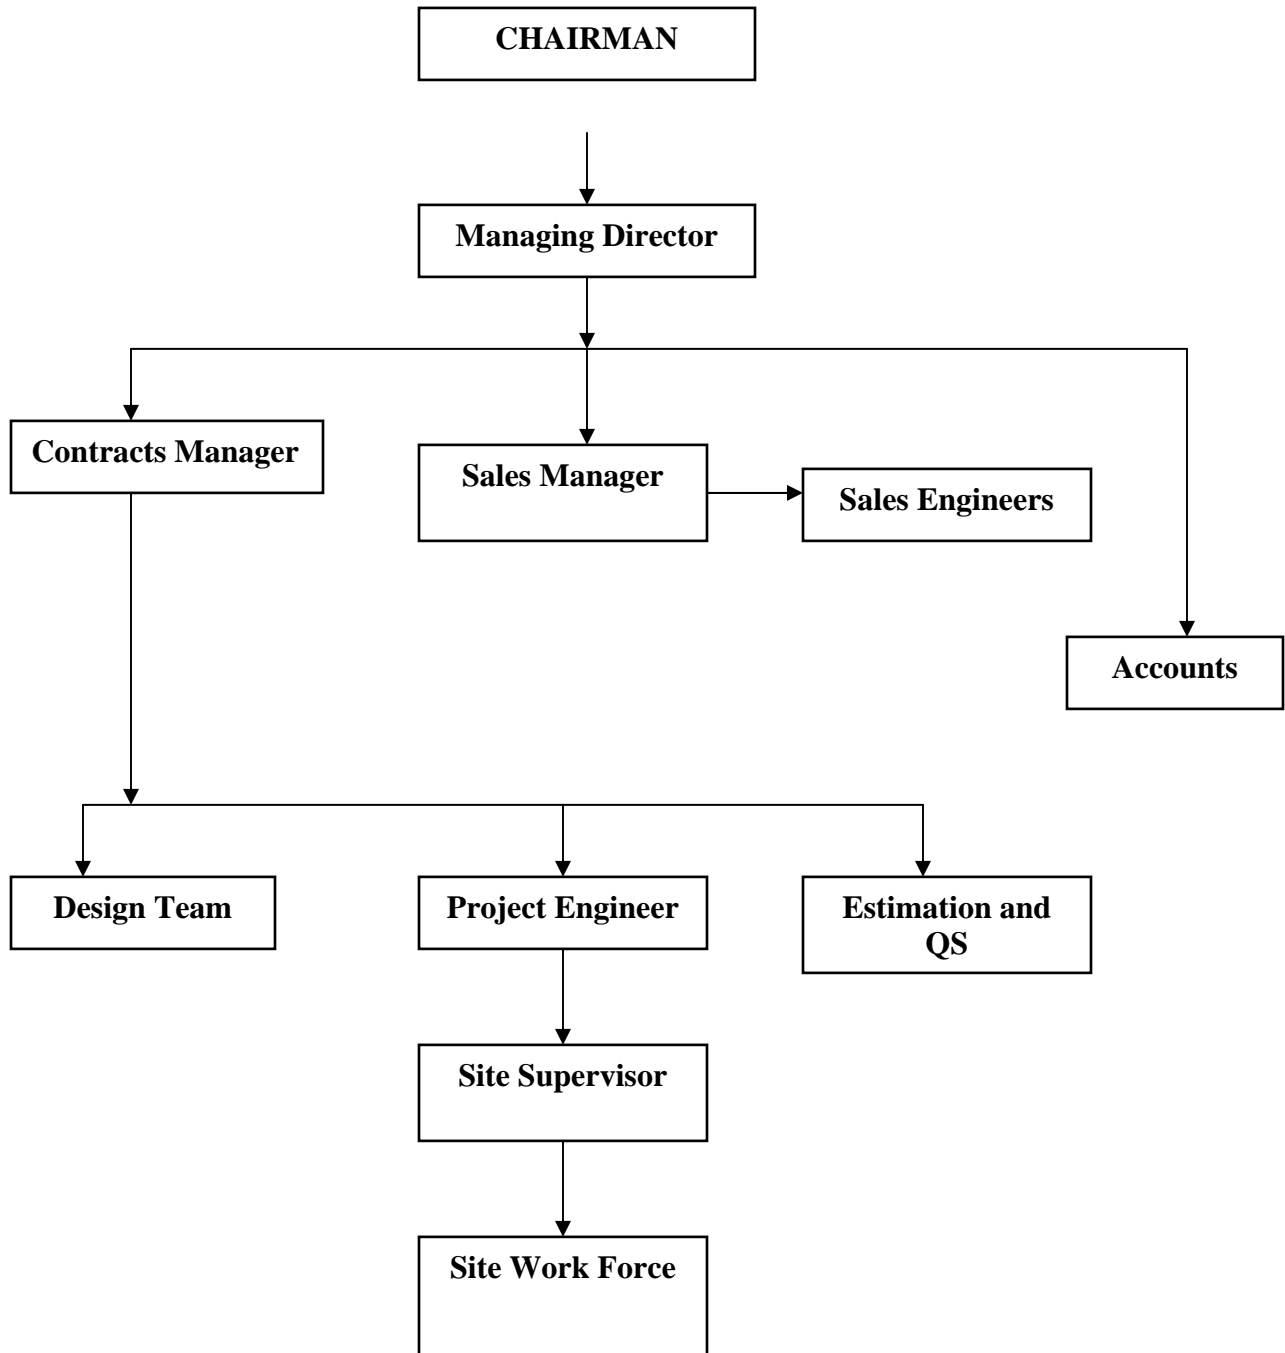

## 'STW' STRENGTHS

Our biggest strength lies in understanding what the customer needs and translating that to solutions of his choice.

We are successful in our endeavor because:

- We have equipped ourselves with a design studio using latest CAD facilities and well qualified designers to offer complete solutions to our clients.
- We have a Professional Execution and sourcing team to provide timely and cost effective services of the highest standards.
- We have a well trained Installation crew to provide "**Right Quality Work in Time**".
- Long and tested association with major Consultants, Designers and Contractors.
